

# Preservation Tile Co.

A unique custom corporate gifting experience  
inspired by the historic city of New Orleans

# About Preservation Tile Co.

New Orleans is known for its food, art, festivals, jazz, streetcars and French Creole architecture (to name a few).

In the late 1800s, tiles spelling out street names were installed on corners throughout the neighborhoods of New Orleans. Over 100 years later, these tiles remain and have become one of the most distinct cultural icons of the great city of New Orleans.

Preservation Tile Co. offers a chance to own a piece of this history through customizable signs. No two of the Spanish tiles are alike, with variations that create a very distinct and Old New Orleans feel.

# A Message from the Founder

I have a passion for creating art using processes, my favorite being block printing and screen printing. In 2005 I was in Europe and discovered a collection of Italian marble tiles embedded with vintage images of Rome. I was fascinated by the process of imaging stone and spent the next few years perfecting this craft.

The vision for what to do with this newfound talent came from my love of our Iconic New Orleans street tiles. Of the city's many treasures I have always adored the street names spelled out in signature street tiles. In an effort to recreate these, I took my camera and photographed tiles from all over the city. I then spent months digitally creating a library of letters that I reproduce onto stone today.

I can't wait to share my passion with your group.

Sincerely,

Danny Chinn

# The Street Tiles Experience Live

## CREATE

Whether you have a group of 10 or thousands, attendees will create their own custom New Orleans street sign in a matter of minutes during this hands-on experience. Guests will choose their frame and custom message and can build it themselves.

## ORDER

After their design is chosen, attendees move to a separate table where their order is meticulously documented. In addition, the guest will fill out their own mailing card with their name and address. Lastly, we take a photo of their frame along with their mailing card to ensure the sign is fulfilled perfectly.

## PREPARE

You choose if you want your group to take their sign with them or have them drop shipped to their home so their gift is waiting for them when they return from their trip. There are many options for shipping and delivery, all tailored to meet your needs.

## EXCITE

Your attendees either take home a new beautiful reminder of The Crescent City or their custom-made signs are delivered to their doorsteps with a personalized card from the meeting host extending a personal message. Your group will be thrilled with their meeting gift. It's unique, creative, thoughtful and always a reminder of their visit to the big easy. It's also a group experience that chances are, they have never done before!

# Create How it Looks

We set up stations fully stocked with tiles and frames with attendants to assist guests in creating their custom sign. The number of stations and attendants vary based on group size. The artwork above and below each station can be customized and branded for your specific meeting.

## The Frames:

We offer frames in solid and distressed finishes of blue, red, avocado, green, turquoise and black. Feel free to add to these color options. It's completely customizable.

## The Letters:

In keeping historically accurate, all characters are blue with a gold outline. The collection includes all letters and numbers as well as a Fleur de Lis, Crown, Water Meter and the word "THE". We can also create a custom tile with your company logo or meeting logo on it to incorporate into each sign.

# Experience Add-Ons

## A LIL' LAGNIAPPE

Give your attendees something special to reinforce your brand. These add-on items can be used as an arrival gift, part of a room drop, table décor at a dinner or a departure gift. The possibilities are endless.

### Coasters 4X4

### Jumbo Coasters 6X6

Include extra thick cork backing and artwork of your choice.
